Bilateral Meetings

- Wednesday (10:00 - 12:30)
- Wednesday (14:00 - 16:30)

Description

Tonic App facilitates the work of medical doctors by aggregating the massively dispersed information and digital tools needed for diagnosis and treatment of patients. On the other hand, it provides, for all other healthcare stakeholders, a mobile channel to reach doctors, including hospitals and pharmaceutical companies.

Organization Type

Company

Request

Investment / Sales

We are looking to align our next smart investor with our new European market.
