BILATERAL MEETINGS

Wednesday (10:00 - 12:30)

Wednesday (14:00 - 16:30)

DESCRIPTION A company developing solutions to improve the learning curve of surgeons. Using glasses to record surgeries, in a privacy-by-design manner, and a software to create their own and personalized library (containing surgical records and multimedia content), we believe we're revolutionizing the education for the next generation of surgeons.

ORGANIZATION TYPE Company

Offer

PRODUCT

A system composed of glasses equipped with a camera that responds to voice commands, has an adjustable point of view and a censorship mechanism, and a software that allow surgeons to create their personalised library. GDPR friendly.

COOPERATION OFFERED

1. Investment/Financing

Offer

EQUITY
