BIOFABICS - 3D BIOTISSUE ANALOGUES

<https://biofabics.com/>

Bilateral Meetings

- Wednesday (10:00 - 12:30)

Description

BIOFABICS is an R&D company specialized in 3D Biotissue Analogues. In particular, BIOFABICS develops: 1 - Organ-on-Chip Devices for drug discovery and personalized diagnostic/treatment, which are truly 3D and easily customizable; 2 - Tailor-Made Implants and Bioreactors for research and implantation; 3 - Body-Like Environments for study of cells and tissues in in vivo-like states.
