Request

Partner based in Portugal

Looking for sales partners based in Portugal, with contacts in Healthcare system or suppliers of it (working as HIS suppliers for example).

The products that we offer in Healthcare area are:

* Proxia phr: a platform where patients can manage their hospital appointments, health data, tests information (nowadays used by roughly 700000 users in Spanish market).

* Proxia phr4Rx: a product where patients can manage their medications, receiving information about them (used by several hospital groups in Spain).

* SparkSpace MedTech: a collaborative platform used by different hospitals to help to diagnosis and training future specialists (nowadays used by more than 40 hospitals in Africa and Spain).

* Proxia Hygia: a video conference solution focused on patient referral (nowadays used in Ceuta and Melilla Healthcare public system, among others.)
