Description

MSD is known as Merck in the United States and Canada. A Legacy of Innovation MSD has a strong history of success in translating cutting-edge research into life-saving medical breakthroughs. Our scientific advances have made a difference in the lives of millions of patients worldwide. MSD had sales of more than \$39 billion in 2016 and we operate in more than 140 countries. We recognize that building partnerships is one of our most important jobs. We're interested in any novel approach with robust, scientific data and significant advantages for patients over current therapies - from discovery to late-stage without regard to therapeutic area or modality.
